About US

We are Manufacturer, Importer, Exporter & General Order Supplier. Our major partnership is with China, Taiwan and Europe. We have good brands for the corrugated packaging machinery and parts. Working closely with our global partner companies, the collaboration and development enables us to provide total engineered packages to ensure the best solutions are offered to our customers via world class equipment and services for the worldwide corrugated and conversion Industry. We are the leading exporter of best quality paper, packaging machines and Parts provider. Our brand name "Ik Enterprises" gives satisfaction and hassle free dealing at various stages, either it is of buying our brand of export quality machinery. We are working in this field since 1982. We have always prioritized our customer's choice, advantage and satisfaction. Resultantly we have a vast range of regular customers. Quality of our products has never been compromised at any cost. The precise introduction of our business clearly portrays our experience in the field of Packaging Machinery and Parts. Highly skilled, professional and well-known partners in the world have been joined to work in competitive environment. Customer's satisfaction is our top priority. We have focused on quality, cost effectiveness, time management and material of the products. We have provided best services focusing on customer's convenience and choice.

How IK Enterprises can help you

Downtime, Waste, low productivity and varied quality costs Your business money. Our vast experience and industry strength can offer technical solutions, support, training and project management services on time and to budget. IK Enterprises is your one-stop resource to ensure maximum productivity, not just for new equipment installations but for upgrades and maintenance too. Productivity training and evaluation services can be provided to review the current status and prepare a project plan for improvements where required. Standard products or bespoke engineered solutions designed to increase production efficiencies on a wide range of old and new equipment, providing a fast return on investment.

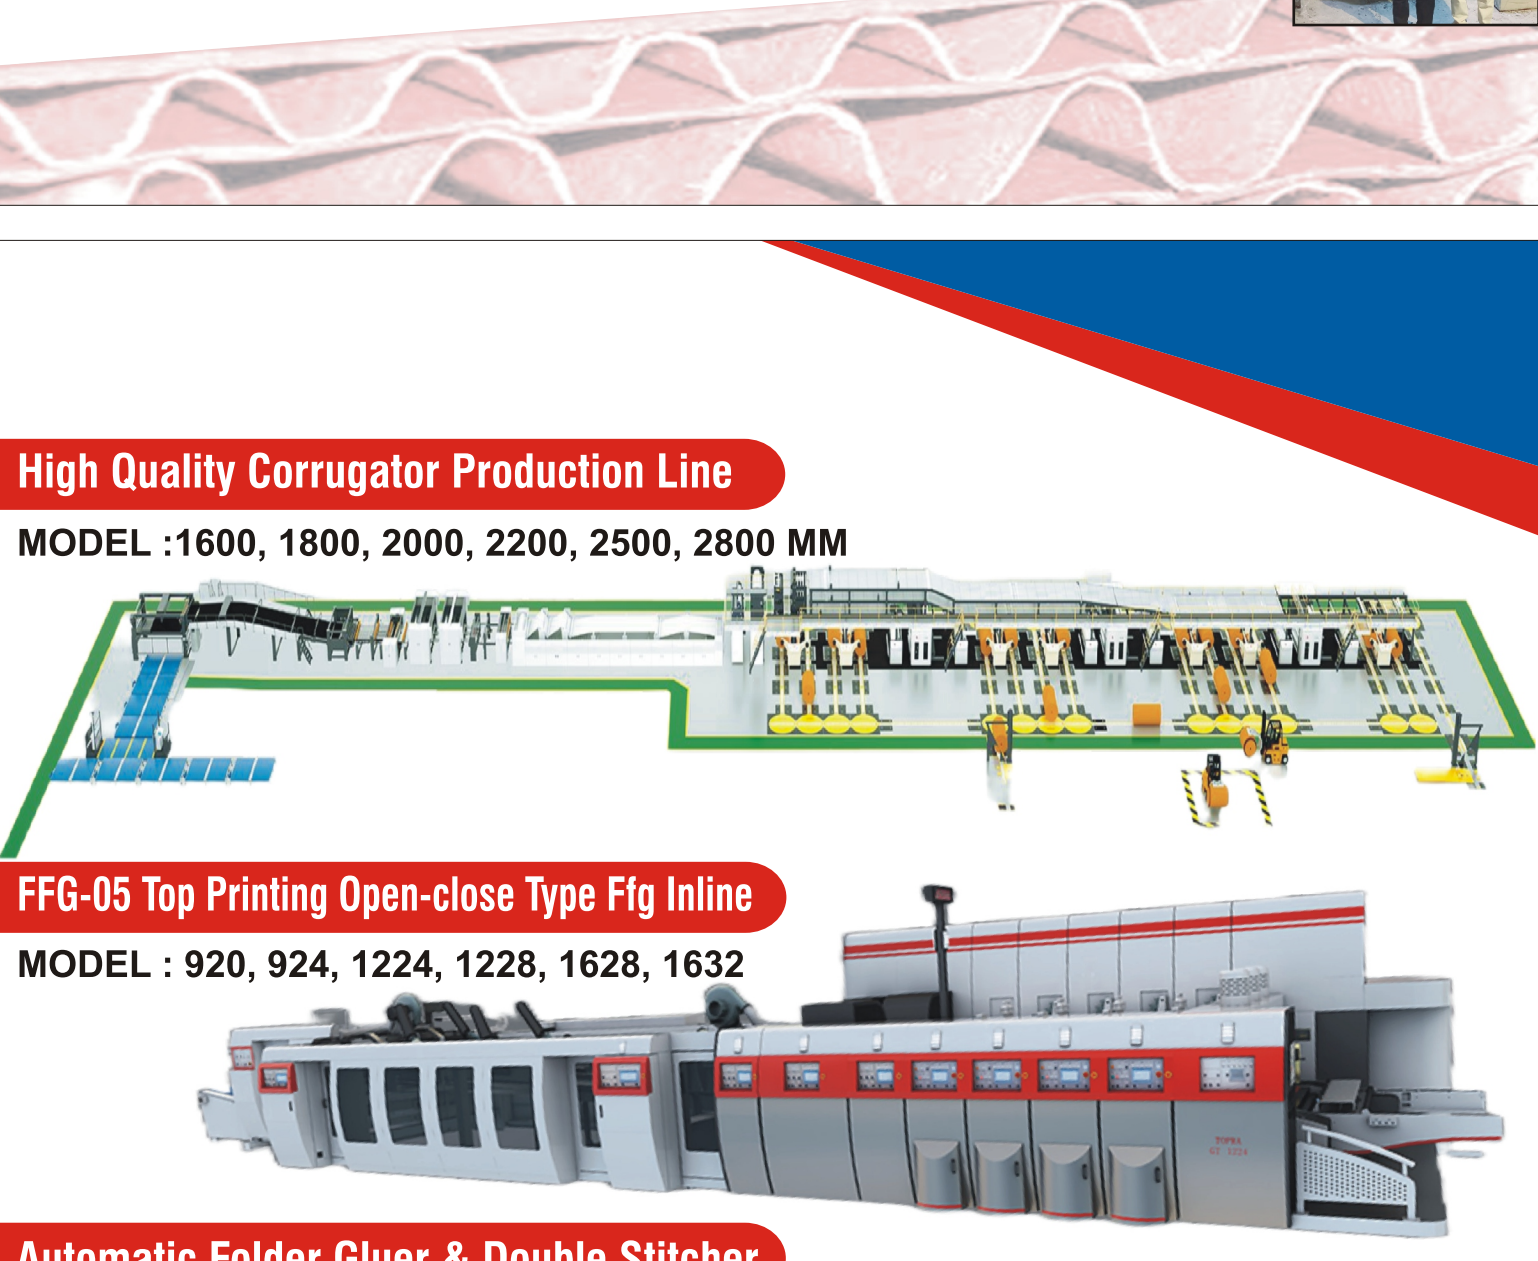

CEO Message

As a family owned, yet professionally managed company, we are committed in delivering world class quality by adhering to stringent quality parameters. Ensuring consistency by subjecting every product to well defined standards. Consistently pursuing a multi-product strategy that is geared towards the requirements of our customers. Providing sincere and comprehensive service to our clientele. Complying with all environmental norms and regulations we are more than just a supplier of packaging. In fact, we see ourselves as an agent to help our customers. There are other companies that offer containers and closures to your industry. Unlike those companies, we offer unique innovation, creativity, and a genuine dedication to service that no one else in the industry can claim. Our entire team has worked to build an organization second to none. You'll experience that anything is Possible with spirit. For those of you who have demonstrated your confidence in the IK Enterprises team, thank you for your business. For those of you who are searching for the truly unique organization to service your needs and provide you with measurable value, welcome to our organization.

Director Message

Dear Customer, I feel great pleasure in extending you a warm welcome to IK Enterprises and consider privileged to be able to offer you a truly Packaging machinery headed by myself and a team of highly trained professionals. Our commitment to our clientele is strongly rooted in providing professional, confidential, reliable and cost-effective services to meet the need of all customers. We invite you to visit us and make use of the wealth of information and professional services that come with over years of packaging & printing experience. IK Enterprises works under standard professional and cost effective policies. We believe that Customer Service should not be just a department; it should be the entire company. If you work just for money you will never make it but if you love that what are you doing and you always put the customer first, success will be yours. So, we consider each customer as a family member who deserves nothing but the best service.
